NOTE:

Independent tasks represent a continuous assessment of knowledge, include practical assignments and seminar papers.

Note for students:

- Actively participate in at least 50% of classes
- To create an independent task or seminar work (continuous assessment of knowledge) and hand over them according to deadlines during semester
- Do a written exam.

If a student does not settle any of the above obligations (eg if he has less than 50% of arrivals or if he does not hand over some of the independent tasks to the given deadline), then loses the right to ECTS from the college in that academic year.
