Course aims	Learning outcomes
Provide general knowledge on the measures taken to increase professional and legal ethics in the exercise of the profession. Undoubtedly, knowledge and scientific developments in the field of Professional Legal Ethics have a key role in undertaking theoretical and practical measures to enhance professional quality. Unethical behavior as a negative and harmful phenomenon is present in every state, so it is incumbent upon states to draft the rules of Professional Ethics through adequate measures to reach preventive effect on them. Undoubtedly, the knowledge gained in the subject of Professional Legal Ethics provides students with considerable knowledge in the activities for defining measures and policies for preventing and combating non ethical and non-professional behaviors.	After the semester, students will gain basic knowledge from the subject of Professional Legal Ethics: - Understand the Purpose of Professional Legal Ethics and its role in preventing unethical behavior; - Understand the forms of social response to non-ethical behaviors in various socio-economic formations; - Understand the legal basis of Professional Legal Ethics; - Understand the role and effect of criminal legislation in the prevention of criminality; - Understand the role of the judiciary in preventing criminality;
