CAREER PERSPECTIVE

The Faculty of Education is one of the Faculties for which there is a demand in the labor market because more and more the network of Schools in the country is expanding, as well as the change of generations has created enough space for this profession to be in high demand.

The Faculty of Education currently has the safest job market for graduates.

After completing their studies, students are ready to find work in pre-school and primary schools in Kosovo, The Faculty of Education at the "Ukshin Hoti" University of Prizren, is the institution that prepares teachers for primary and preschool education in three languages of instruction, Albanian, Turkish and Bosnian..

- Program: Primary- Albanian
- Program: Preschool - Albanian
- Program: Primary- Turkish
- Program: Preschool - Turkish
- Program: Primary- Bosnian
- Program: Preschool - Bosnian

Studies in these programs are Bsc level (4 years), organized in 8 semesters by 30 ETC, each of them, a total of 240 ECTS.

SCIENTIFIC KNOWLEDGE AND PRACTICAL EXPERTISE

Graduates of the Faculty of Education will gain knowledge and will learn the rules of teaching and learning in various fields of study, as well as will be familiar with the relationship between teaching processes on the one hand and the individual and society on the other.

Also, graduates of the Faculty of Education will gain the full range of special professional competencies required for mastering their fields of study and/or discipline in which they will work as professionals (teaching, counseling, etc.).

"Ukshin Hoti" University in Prizren, for the first year of studies and in each academic year, opens a public competition for the registration of regular and correspondence students based on the respective directions. The number of students is determined by a decision of the Senate and with the approval of the MEST based on accreditation for each study program.

All candidates who have successfully completed high school in the Republic of Kosovo and in other countries outside the Republic of Kosovo in the same conditions of the competition have the right to compete.

Ukshin Hoti University in Prizren is part of the Erasmus + program, which offers many opportunities for exchange of staff and students with many EU member states.
